PROFESSIONAL SUMMARY

Social media and content professional currently running day-to-day marketing content and campaign coordination for a luxury automotive dealership — writing every caption, coordinating brand and product campaigns, and compiling the monthly, quarterly and ad hoc performance reports that shape what leadership does next. Grew one Instagram account from 56,000 to over 70,000 followers and past 10 million organic views, then repeated the growth independently on a second account built from nothing — evidence of a self-managed, detail-driven work style, not a one-off result. Fluent in English and Swahili, working proficiency in German (B1). Long-standing interest in cars and the Porsche brand specifically, well before this application.

EXPERIENCE

Digital Marketing Lead & Commercial Executive

Jul 2025 – Present

Mascardi Luxury Cars — Nairobi, Kenya

- Coordinate the dealership's brand and product campaigns end to end — concept, shoot, edit, caption and publish roughly 60 pieces a month (Reels and carousels), each one run like its own small campaign rather than a one-off post.
- Compile monthly, quarterly and ad hoc performance reports from Instagram analytics for ownership — the reach, engagement and content-type breakdowns that actually get discussed and acted on, not just a followers-and-likes summary.
- Write all captions and campaign copy and schedule every post through Meta Business Suite, keeping one consistent brand voice across 300+ pieces of content without a creative agency or content team behind it.
- Grew the account from 56,000 to 70,900 followers and past 10 million organic views to date, holding non-follower reach between 55–66% most months — the growth is coming from people discovering the brand, not just existing followers re-engaging.
- Manage day-to-day DM and comment engagement, converting inbound interest into leads for the sales team — an informal version of a CRM handoff.

Freelance Video Production — Sedana Product Launch Event

Jun 2026

- Shot and edited event-day video content for the Sedana product launch at Masshouse, coordinating on-site with two partner brands to deliver short-form recap videos the same day — hands-on experience running a live brand event's content from setup through publish.

Content Creator

2025 – Present

@tedkyarieh_ — Personal Brand (Independent)

- Built a car-culture content account from zero to 5.54 million views and 2.65 million accounts reached in a trailing 90-day period (+40% quarter-on-quarter), including one video that crossed 1 million organic views on its own.
- No inherited audience, no paid promotion, no team — proof the same content and reporting discipline used at Mascardi holds up starting completely from scratch.

International Customer Experience Specialist

May 2024 – Jan 2025

CCI Kenya

- Delivered customer support across international voice channels, managing accounts and resolving inquiries inside CRM systems while consistently meeting satisfaction and performance targets in a fast-paced, targets-driven environment.

Brand Ambassador & Sales Representative

May 2023 – Oct 2023

FCM Travel Solutions

- Represented the brand at promotional events and campus activations, generating qualified leads through direct, in-person engagement — an early version of the on-the-ground brand representation this kind of role runs on.
